

Roddenberry DRT Deployment Criteria

As a disaster unfolds, this form is used to determine suitability for a Roddenberry DRT deployment

* Required

1. Is this an important disaster? *

Is there a global response? Was a large percentage of the population affected?

Mark only one oval.

Yes

No

2. Is there fresh water identifiable in a useful area? *

GoogleEarth, UNDAC, UN-OCHA, NGA, WWHGD or other sources

Mark only one oval.

Yes (if yes, continue...)

No (Stop. This is not a suitable deployment)

3. Can we get current, authoritative, and verifiable information? *

Is there objective reporting available (e.g. UNDAC Daily Brief)

Mark only one oval.

Yes

No

4. Is it reasonable to assume we're needed?

Have other deploying teams said we'd be useful?

Mark only one oval.

Yes

No

5. Do the deployment logistics look acceptable?

Flights, visas, vaccinations, team members, gear, security, customs...

Mark only one oval.

Yes

No

6. Do we have the right team members available?

We need to provide both DSS and RTAT services

Mark only one oval.

- Yes
 No
 Probably

7. Do we have two Disaster Shields completely ready for deployment in all respects?

Shield, hoses, power, spares, tools, signage, shelter...

Check all that apply.

- Yes
 No

8. Can we arrange for Life, ex-pat medical, and evac insurance for the region?

World Nomads is the default

Mark only one oval.

- Yes
 No

9. Do we have liability insurance for the team in place?

Mark only one oval.

- Yes
 No
 Available or pending

10. Do we have the cash needed to get to and from the deployment safely? *

Mark only one oval.

- Yes
 No

11. Have we contacted partners already on the ground for preposition surveys?

Do we have someone able to identify appropriate water dispensing sites before arrival?

Check all that apply.

- Yes
 No
 Question asked, answer pending

12. Can we bound the time on site?

Can we get in and out predictably?

Mark only one oval.

Yes

No

13. Can we identify evac modes and regional medical care?

Check all that apply.

Yes

No

14. Can we procure the transportation needed for ingress and egress?

Check all that apply.

Yes

No

15. Is the area acceptably safe? *

Check all that apply.

Yes

No

16. Is there a recognizable possibility for transfer to a local resource when we leave?

Can we help others establish a business here?

Check all that apply.

Yes

No

Maybe
